Qatar Petroleum signs agreement to enter three exploration blocks in Kenya

The agreement is subject to customary regulatory approvals by the government of Kenya. Following such approval, the partnership consortium will consist of affiliates of each of Eni (the operator) with a 41.25% participating interest, Total with a 33.75% participating interest, and Qatar Petroleum with a 25% participating interest.

Commenting on this occasion, H.E. Mr. Saad Sherida Al-Kaabi, the Minister of State for Energy Affairs, and President & CEO of Qatar Petroleum, said: "We are pleased to sign this agreement to participate in exploring these frontier offshore areas in Kenya, which will strengthen our presence in Africa."

H.E. Al-Kaabi also added: "We hope that the exploration efforts are successful, and we look forward to collaborating with our partners Eni and Total, and the government of Kenya in these blocks. I would like to take this opportunity to thank the Kenyan government for its support."

our partners for their ongoing and continued support.”

The three offshore block (L11A, L11B and L12) are situated in what is considered to be a frontier and largely unexplored area basin east of Kenya and have a total area of approximately 15,000 square kilometers, with water depths ranging from about 1,000 to 3,000 meters.

In line with its growth strategy, this opportunity strengthens Qatar Petroleum’s position in the exploration of frontier basins and the potential hydrocarbon resource potential.

Eni - 41.25%
Total - 33.75%
Qatar Petroleum - 25%
